What Our Clients Say

"We faced unsynchronized data issues in our General Affair and Accounting Departments and many repetitive manual tasks when producing asset management reports. Activo helped us attain efficient procedures, integrated data processing which resulted in a robust process and timely reports. "

**Silvia Halim – General Affair
PT Bank Sumitomo Mitsui Indonesia**

"Managing assets from so many branches is a challenging task. We had a great experience using the integrated and reliable fixed assets system from Activo. The system allows us to manage our assets data from all over the country."

**Sahat Rubi Sitompul – Fixed Asset department
PT Bank Danamon Indonesia Tbk**

"Using Activo as our fixed asset solution helps us to reduce error in managing our assets data. Proven integration with Temenos (T24) Core Banking System is also the advantage of this product"

**Encep Munawar - Head of General Affair
Bank BTPN Syariah**
